Recycling over the summer:

The green WasteManagement Single Stream Dumpster and the PaperRetriever will remain in place up on Pebble Beach over the summer months. Though there may not be classes scheduled again until late August, your paper, flattened cardboard, plastics #1-7, etc., are *always* welcome! Our entire planet benefits when we recycle, and our school benefits additionally through monetary contributions from the sponsors of these collection devices. Please note: to get maximum credit for bar-coded beverage containers (aluminum cans, plastic bottles, juice boxes), please bring bags or boxes of them – **emptied!** - to Mrs. Frey’s attention by leaving them outside the window beneath her desk (upper service drive, last window on the left). This site will be checked throughout the summer so containers may be scanned before putting in the dumpster. (Once they’re in the dumpster, we cannot get the points any more.)

Thanks again, everyone, for your continued support! --Mrs. Frey (cfrey@baltimorelutheran.org)

From the nurse:

We hope you all have a safe, fun and healthy summer!

Remember to get your student's sports physicals done over the summer so they are up to date for starting practices in August. They will not be allowed to participate in practices/try outs until they have a current physical.

Also remember to have your physician complete the Medication Administration form for any medications you need to take during the school day, including over-the-counter tylenol, ibuprofen, antacids, cough medicine etc. Both the Sports Physical forms and the Medication Administration forms are available to download from the website under the "Student Life" tab and then "Nurse". The nurse will be in periodically over the summer so you can leave a message or email the nurse at nurse@baltimorelutheran.org if you have any questions.
